

FOR IMMEDIATE RELEASE:

ImageFIRST Cooks Dinner at Local Ronald McDonald House

King of Prussia, PA – March 31, 2016 –ImageFIRST Healthcare Laundry Specialists gives back to the communities that they serve. In fact, on February 20, 2016, eight of the company's North Carolina associates spent time cooking and serving dinner at their local Ronald McDonald House (RMDH).

For over four decades, the Ronald McDonald House has offered close-by housing for the families of hospitalized children. The nonprofit organization also provides funds to families who wish to stay together when a child is hospitalized in a different city, and helps families secure medical or dental care for children who live in low-income communities.

Today, the organization offers aid to families in many countries all over the globe, and ImageFIRST has sponsored them for nearly three years both through in-kind donations (doing laundry of their linen) and volunteering their time at special events across the United States.

The North Carolina team prepared a full menu including Chicken Alfredo with broccoli and carrots and Italian bread with garlic and butter. They helped serve both dinner and the dessert they prepared: blueberry and cherry cakes.

Relating back to the experience the associates had at the RMDH that day, the office manager said, "This event was the most moving I have experienced at ImageFIRST. When we had downtime for the meal, we were given a tour of the house and listened to many stories about what the RMDH does for our community. We also learned about the history of the home, and the fact that it was once four houses that the RMDH purchased and remodeled to serve 35 families at once." The associates who spent their time serving dinner and touring the RMDH had a memorable experience.
