

FOR IMMEDIATE RELEASE:

ImageFIRST Volunteers at Habitat for Humanity of Montgomery and Delaware County

King of Prussia, PA – October 16, 2017 – Associates from the Corporate Office of ImageFIRST Healthcare Laundry Specialists took a few hours out of their work day to volunteer at Habitat for Humanity of Montgomery and Delaware County this past August.

Habitat for Humanity is the world's largest non-profit home building organization. Their main purpose is to repair houses that have been damaged by natural disasters and other unforeseeable events so that families can live in their homes safely. Additionally, their ReStore discount home improvement stores help individuals furnish their homes at an affordable price, and the revenues help fund the organization's efforts.

The Montgomery County location of Habitat for Humanity has been building and repairing homes for 27 years, and maintains regional partnerships that promote community involvement, neighborhood revitalization and stability, and individual responsibility.

During the volunteer day, ImageFIRST associates helped Habitat for Humanity with a variety of tasks. Jobs included organizing the ReStore thrift shop shelves, moving supplies to another ReStore location, moving furniture around to make space for new donations, cleaning donated goods, landscaping, unpacking, and organizing donations.

As a company that places their community at the heart of their Purpose, ImageFIRST also held their annual Community Giving Day on September 29, 2017. During this event, ImageFIRST locations throughout the United States took a full day to volunteer with the local charity of their choice. This year, the Corporate Office selected the Boys and Girls Club of Philadelphia as their organization of choice.

ImageFIRST Healthcare Laundry Specialists' locations across the United States and Puerto Rico offer comprehensive linen laundry and management services so that healthcare providers can focus on their patients.
